## Continuing the Line.

The Professional Programme of The School of Dance is a nine year training programme for students who want to study seriously. The ballet programme is based in the Cecchetti method of study and additional subjects include pointe work and repertoire as the students mature. The course also includes character dance, contemporary dance, stretching, and other related health subjects. Students begin twice a week with additional classes added as they progress.

To book your audition, please call The School of Dance at 613-238-7838 or stop by the main office.

**We require a full-length photo in dancewear.**
