Procedure for Entering and Exiting the Building

Every student must submit a signed waiver provided by The School of Dance prior to entering The School for their first class.

Prior to arriving at The School of Dance, we ask that all students fully prepare to dance. This entails having hair done, dance attire on underneath their street clothes, feet prepared for pointe work (if applicable), and dance shoes easily accessible in one bag to limit extra clothing items being brought into the dance space. This will make for an efficient transition of people entering and exiting the space. Lockers and dressing rooms will not be in use as the season begins.

Only registered students may enter the building to reduce cross-over contamination and to maintain appropriate social distancing requirements before and after scheduled class times. Class start and end times will be staggered whenever possible to limit the number of students in a common space at the same time. Students will continue to use the staircases in a designated directional flow.

All individuals will be screened at the entrance. Students will be allowed entry just prior to their class times and will be asked to leave quickly after their class is over. Classrooms are sanitized and reset so strict adherence to the schedules is a must.

A decision regarding the wearing of masks at The School of Dance will be provided to all registrants in early September 2022.

Once inside, students will be asked to disinfect their hands. All outdoor belongings (shoes, jackets, dance bags, et cetera) will be taken by the student to the classroom and stored in a designated spot. Plastic bags will be available for shoes/boots as required; these bags will be taken home by the students for disposal.

Waiting areas are closed and students who are about to enter their class will stand at the space markers placed in the common areas to ensure two metre social distancing while in the halls.

Once students are able to enter the studio, they will go directly to their place at the barre, or their section in centre of the room. If a student needs to use the washroom/leave the studio for any reason, they must use hand disinfectant before re-entering the classroom.

Dancers must have their own equipment. Sharing of personal items including food and water bottles is strictly prohibited. A water bottle filling station is located on the first floor.

Parents/guardians are advised to wait with students until the designated drop off time outside of the building, and to meet their student outside the building after class at the designated time. Children’s safe exiting of the building to a parent/guardian will be monitored by staff of The School.

The School of Dance will be locked.

All registration and general communications with The School will be done by email or phone.
